Character Quotes:

"If your actions inspire others to dream more, learn more, do more and become more, you are a leader."

John Quincy Adams

Here are some tips you can use to encourage your child to develop responsibility:

Talk with your children about responsibility. Tell them that responsibility isn't just doing chores, it's following through on commitments, answering for their own actions, being reliable and trustworthy, using good judgment, taking care of their own affairs, and not procrastinating. Let them know that these are signs they are growing up and can be trusted with greater freedom.

"Catch" your children making a responsible choice or behaving in a responsible manner. Tell them how much that means to you.

Try to "forget" past failures at being responsible. We all need opportunities to learn from our mistakes and grow from them.
