Dear Newman Family,

Please accept my heartfelt thanks for the way you honored me and my family on Founders Day. The celebration in all campuses (beginning last week) was amazing and meaningful capturing the heart of the Founders and their vision for this generation/generations. What an opportunity for the Founders to express their thanks to all of you and the students, and also pass on the torch of the Newman vision, so it will not be forgotten or lost!

In all our campuses, we saw students of all ages embracing the Newman vision. We saw students rising up to be warriors of wisdom, stature and favor with God and men. It was gratifying to see that we are raising the “whole child for the whole world.” Our children are getting ready to impact this world and transform cultures and society. They seemed to understand that we are set apart on a hill to be a light to many, and if they did not understand now, it was evident that they will understand one day. The Newman culture is pervading performances, learning and daily operations!

Raising these precious children in the Newman vision would not be possible without each and every one of you and your earnest efforts. Thank you very much.

My family and I receive your appreciation and encouragement with much gratitude. We are happy to serve all of you and feel very privileged to have founded Newman Academy for all of you.

I feel greatly blessed to be working alongside all of you. We are in the Lord’s vineyard working together.

Blessings!

Sheba George
